

THE CODE INNOVATIONS PARTNERSHIP

A collaborative effort between cities, counties and others with the Northwest Ecobuilding Guild to make it easier for builders, property owners, and code officials to adopt green building practices in their designs, choice of building materials and technology. We can make it easier to build green by providing access to information and resources on the latest innovations to help everyone navigate a path to successful permitting.

The Code Innovations Database:

- provides free public access to case studies on successfully permitted green building innovations
- provides analysis of innovative codes & standards being adopted and used in other places

WE ALL HAVE A STAKE IN THE HEALTH AND SUSTAINABILITY OF OUR BUILT ENVIRONMENT. THE ROLE OF BUILDING CODES IS EVOLVING AND THE DATABASE CAN HELP YOU ADAPT AND BE PROACTIVE IN THIS DYNAMIC ENVIRONMENT.

BENEFITS OF BEING A FOUNDING MEMBER

Help build a better-informed building industry and public, while supporting the education of emerging green builders seeking real-world experience.

Learn to effectively evaluate, approve and encourage sustainable building innovations. Contribute to new codes, standards and inspection methods being developed.

As an innovator, you will empower neighboring jurisdictions, and others around the nation, to reduce barriers to code innovation through information-sharing and collaboration.

FOUNDING PARTNERS

Leading Northwest jurisdictions are invited to become Founding Partners in this unique and timely project, and be forever recognized for their support of essential innovations in the way we create the built environment.

SMALL CITIES up to 25k population

founding fee \$1,000 and up
plus 3-year contract \$250/year

MEDIUM CITIES up to 85k population

founding fee \$5,000 and up
plus 3-year contract \$500/year

COUNTIES & LARGE CITIES

founding fee \$10,000 and up
plus 3-year contract \$1,000/year

SUPPORTING PARTNERS

Organizations and individuals are invited become Supporting Partners by contributing to the Code Innovations Database project.

INDIVIDUAL

Professional Partnership \$120/year

ORGANIZATIONS

Small Org up to 25k pop. / 5 employees \$250/year

Medium Org up to 85k pop. / 10 employees \$500/year

Large Org \$1,000/year

FOUNDING PARTNERSHIPS INCLUDE:

- Professional membership in the Northwest EcoBuilding Guild*
- In addition to using free public access information, you will have access to premium content (*will soon be available by subscription only*)
- You will also receive quarterly report highlighting progress and accomplishments, an index of new case studies, green codes and initiatives, plus insightful analysis by our consultants and contributors.
- Free attendance at any Code Innovations workshop or training (*a \$45/person value*).
- Customized case study. Research will be conducted and produced for you by our consultants, students and volunteer researchers. To see examples of case studies we've already conducted visit www.CodeInnovations.org, where we've documented:
 - Applicable codes and compliance paths for innovative designs, materials, and technology
 - Samples of supporting documents (*submittals, reports, designs and specs*)
 - Resources and contacts for even more information related to each project
